Index Methodology

Eligibility Criteria for Selection of Constituent Stocks:

- i. The company's trading frequency should be at least 90% in the last six months
- ii. The company should be shariah compliant for last 24 months continuously
- iii. Companies which are IRDA dividend norms compliant shall be considered eligible to be included in the index.
- iv. 25 stocks based on six month average free float market capitalization are selected as index base composition
- v. Shariah compliance screening is done on monthly basis & periodic index review is carried out on semi-annual basis
- vi. During monthly review, if any index constituent becomes non-shariah compliant then, shariah compliant non-index constituent from replacement pool will be included in the index
- vii. During semi-annual review, if any non-index shariah compliant security with 1.5 times the free float market capitalization is available in replacement pool than last index constituent by free float market capitalization, then replacement shall be made

Index Re-Balancing:

Monthly shariah compliance screening is carried out by shariah screening partner of NSE Indices Limited. Index changes are typically implemented from the first working day after F&O expiry of respective month.

Index Governance:

A professional team manages all NSE indices. There is a three-tier governance structure comprising the Board of Directors of NSE Indices Limited, the Index Advisory Committee (Equity) and the Index Maintenance Sub-Committee.
