PRESS RELEASE

Change in Screening Partner for CNX Shariah Indices

IISL owns and manages CNX Nifty Shariah and CNX 500 Shariah indices. The indices are calculated and disseminated on end-of-day basis and are tracked widely by the market participants within India and outside India.

Effective May 27, 2013, Taqwaa Advisory and Shariah Investment Solutions (TASIS) would be the screening the stock for Shariah compliance for CNX Nifty Shariah and CNX 500 Shariah indices.

TASIS is India's premier Shariah advisory institution in the field of business, finance, education and research. Started in 2008, TASIS has since then been playing an important role in the Indian financial landscape by structuring products to comply with Shariah, monitoring and certifying businesses and corporates to assure investors and the general public about the quality of their Shariah compliance.
